Pics of the week

Pictured above, DK students pull as hard as they can during a tug-of-war match. Tug-of-war was one of several games students could choose from during Field Days. Each student could choose a few games to participate in, and students showed good sportsmanship by cheering each other on. The weather was perfect both days—not too hot, not too cold and no rain! Pictured at left, second graders raced to transport water via a sponge from one bucket to another. The first team to get the water to a specific level in the receiving bucket won the game. Wet shoes were a side effect of this fast-paced fun.
